# PRICE LIST

With Descriptions of Varieties

Bluffton, Indiana

E. B. WILLIAMSON

PAUL H. COOK

## PLEASE READ

This list, with descriptions and prices of the Irises we are offering this year, supplements the larger Handbook and Catalogue which we issued in 1925. Iris growers are referred to this Handbook for full cultural directions, and also for valuable suggestions on propagating and breeding, as well as very complete information on Iris pests and diseases and the best methods for their control. If you have not already had this book, or if you have mislaid your copy, we will be pleased to mail you another free upon request.

Except on our Mixed Seedlings, which will be shipped by express collect, the prices on all Irises described in this list include delivery by parcel post. Six plants of one variety will be furnished for five times the price of a single plant. While spring delivery cannot be guaranteed in every case, following the flowering period, shipment will be made as nearly on the date desired by the purchaser as our weather conditions permit.

We exercise great care to send out strong, healthy plants correctly labelled, and the smallest order receives the same careful attention that we give to the largest ones. Where an error occurs, we welcome an opportunity to correct it, and we are ready at all times to make any adjustment due a purchaser of our Irises. Remember, the size, quality and labelling of every plant is guaranteed satisfactory to the customer.

# MIXED IRIS SEEDLINGS

Each year the demand for our baskets of mixed seedlings increases, and each year we receive many fine letters of appreciation from former purchasers of these Irises.

We begin digging seedlings soon after flowering, and as our supply of these plants is limited, customers should place their orders early. We have a very fine mixture to offer this season.

100 Mixed Iris Seedlings, of not less than fifty varieties, including a wide range of beautiful colors, \$5.00 by express collect.

# NEW LONGFIELD IRIS FOR 1926

# GEO. J. TRIBOLET

This is the magnificent deep coppery purple Iris which we have carried since 1921 as No. 145. If it has a fault, five years have not revealed it. The plant is of vigorous growth, with many flowers of finest form and largest size borne on splendidly proportioned stems forty inches tall. By Ridgway the standards are Nigrosin Violet; the falls a solid and velvety Blackish Red Purple; while a coppery suffusion spreads throughout the entire flower. Beautiful as a single flower; as a single stalk of bloom; and as a flowering clump. We strongly recommend this very fine new Iris.

Strong plants, prepaid, each - - - \$5.00

#### **HESPERIA**

Our No. 155. A striking bicolor of distinct coloration, giving in the garden a general effect of light brown. Flowers large; the standards Light Drab; the falls a solid Blackish Red Purple flushed amber. This Iris suggests Nibelungen, having the same pronounced color contrast between standards and falls, but the flowers are larger and of heavier substance. Three feet. A strong growing and very free flowering variety greatly admired by many visitors to our garden during the past five years. Strong plants, prepaid, each - \$3.00

## SILVER RIBBON

Heavy textured blooms on stout stems 30 inches high. Flowers self-colored a deep pink, a pale band down the center of each fall. Prominent yellow beard. Exceptional substance and carrying quality for a pink Iris, the large flowers showing up at a great distance.

Strong plants, prepaid, each - - - \$2.00

# GENERAL LIST OF IRIS, 1926

With the name of the variety we give the American Iris Society's symposium rating, the name of the originator of the variety and the year of introduction.

- 83. Afterglow (Sturtevant 1917). A blending of the lavender of Pallida Dalmatica and the yellow of Aurea. Large flowers of soft grayish lavender shading to pinard yellow through the center. Three and one-half feet. A thrifty grower and dependable bloomer. Good. \$0.75
- 89. Alcazar (Vilmorin 1910). Standards mauve; falls deep reddish purple; the whole flower strongly bronzed. Of the largest size, tall and fine. \$0.75
- 78. Amas. A large flowered species from Asia Minor. Broad but somewhat floppy standards of iridescent blue; falls smooth violet. Branched stems thirty inches high. Early.
- 94. Ambassadeur (Vilmorin 1920). Standards bronzy violet; falls velvety carmine purple. Flowers of great substance on strong stems three feet high. One of the world's finest Irises. - - \$2.50
- 83. Ambigu (Vilmorin 1916). A richly colored flower of smoky red purple.

  Twenty-four inches. - - - \$1.25
- 84. Anna Farr (Farr 1913). A beautiful white Iris of splendid form and substance, the standards and falls delicately margined pale blue. Thirty-six inches
- 77. Anne Leslie (Sturtevant 1918). Standards white delicately tinted rose; falls dahlia carmine with showy orange beard. Not a large flower but a striking color combination. Thirty inches.
- 86. Ann Page (Hort 1919). An excellent and outstanding variety. Very large flowers of fine form self colored lavender blue. Three and one-half feet.
  - Anosia (Longfield 1925). A variety of rich brown coloring which we cannot offer again before 1927.
- 83. Archeveque (Vilmorin 1911). A richly colored Iris fine in clump or mass.

  Standards violet; falls a deep violet purple. Neither large nor tall but a general favorite on account of its fine coloring. Two feet.
  - Argynnis (Longfield 1925). A tall and distinct Iris of Variegata coloring. Standards strontian yellow delicately shaded aniline yellow; the falls a solid dark violet carmine without reticulation. Beard yellow. Large flowers carried gracefully on slender stalks forty inches high. Illustrated in color in our 1925 Handbook.
- 78. Arnols (Barr 189-). An old variety with flowers of clouded red purple.

  Thirty inches. - - - \$0.25

83.

Fine. - -

92.	Asia (Yeld 1920). A beautiful blend of soft lavender and pinkish tan.  Large flowers of good substance. Fine \$5.00
74.	Aurea (Jacques 1830). Clear chrome yellow throughout both standards and falls. Flowers of good form on stems twenty-four to thirty inches high. An old variety but one not supplanted by any newer yellow. \$0.25
80.	Azure (Bliss 1918). Standards lavender blue; falls deep blue purple. The general effect is one of rich clear blue. Three feet \$1.00
94.	Ballerine (Vilmorin 1920). Standards clear light blue; falls a deeper blue. Very large sweet scented flowers on fine tall stems. Certainly one of the finest varieties in the great class of lavender bicolors. Forty inches.
77.	Black Prince (Perry 1900). Erect standards of lavender violet; falls dark velvety violet. Growth weak \$1.50
71.	Blue Jay (Farr 1913). An Iris giving a splendid deep blue effect in mass. Individual flowers of rather small size but of good form; standards a medium shade and falls a deep shade of clear violet blue. A late bloomer. Thirty inches.
72.	Bluet (Sturtevant 1918). Flowers self-colored pale blue. Neat and pretty. Two feet \$0.50
	Brandywine (Farr 1920). Standards and falls pale blue; orange beard.  Large flowers of fine form 33.00
85.	B. Y. Morrison (Sturtevant 1918). Standards pale lavender violet; the flaring falls velvety purple widely bordered lavender. Stalks slender. Thirty inches. A good bicolor, distinct on account of its widely margined falls.
75.	Caprice (Vilmorin 1904). Rosy red purple flowers of broad segments and fine form. A thrifty grower and dependable bloomer. Two feet. \$0.25
71.	Celeste (Lemon 1855). Flowers of clear azure blue with suggestions of clean white throughout. Open flowers carried gracefully on thirty-inch stems.
69.	Chester Hunt (Farr 1913). Standards light blue; falls deeper. An Iris giving a good blue effect. Early mid-season. Thirty-three inches. \$0.25
86.	Cluny (Vilmorin 1920). Large flowers of pale lavender violet. Three feet
	Colias (Longfield 1925). A three-foot yellow self. Pleasing blooms that carry well in the garden.
80.	Col. Candelot (Millet 1907). Bright coppery red flowers on three-footstems. Of vigorous growth and free flowering. One of the reddes "reds".

Corrida (Millet 19--). Flowers of medium size self colored light blue.

\$0.50

\$0.75

- 84. Cretonne (Bliss 1919). Standards pale violet purple; falls violet red; the whole flower strongly bronzed. Two feet. Overrated. \$0.50
- 79. Crimson King. This Iris has flowers of the same rich deep purple coloring as Kochii, but the flowers are larger, the stalks taller and the growth more open. Very good. - - - - - \$0.35
- 87. Crusader (Foster 1913). Large flowers of exceptional substance and a most satisfying violet blue color. Forty inches. Growth only moderate but one of the finest blue Irises.
- 80. Dalila (Denis 1914). Standards a blending of cream and very pale pink, in strong contrast with the red purple of the spreading falls. Two feet.
- **68.** Darius (Parker 1873). Standards clear yellow; falls pale lavender lilac fading to white at edge. A distinct color combination carrying especially well in mass. Two feet. - - - - \$0.25
- Dawn (Yeld 1911). Standards and falls pale sulphur yellow. Beard orange. Larger flowers than Flavescens. Thirty inches. - \$0.50
- 69. Demure (Sturtevant 1918). A coppery pink bicolor. Twenty-four inches.
- 83. Dimity (Bliss 1919). Standards white margined and suffused pale blue; falls white, veined at haft. Three feet. - - \$0.75
- 76. Dorothea (Caparne 1901). A large flowered intermediate of pale blue. The standards tend to lie flat like the falls. Two feet. - \$0.25
  - Dorothea K. Williamson (Williamson 1918). A hybrid of the beardless species Fulva and Foliosa. Large velvety flowers of the most vivid purple. Thirty inches. Generally considered one of the very finest of the beardless Irises. Fine as a cut flower.
- 82. Drake (Bliss 1919). A free flowering pallida of a medium shade of lavender. Three feet.
- 85. Dream (Sturtevant 1918). Standards and falls a clear even pink. Three-foot stems carry many flowers of fine form. One of the very best of the pink Irises. - - - - \$2.00
- 74. Dr. Bernice (1867). Standards bronze yellow; falls maroon red. Brown in general effect. Two feet. - - - \$0.25
  - Duquesne (Hall 1923). Standards manganese violet; falls rich velvety prune purple; yellow beard. Well finished, finely formed flower, with distinctive and elegant color contrast. Late bloomer. \$4.00
- 86. Edouard Michel (Verdier 1904). Standards and falls somewhat ruffled, a distinct shade of rosy red. Large flowers of rather frail texture on three-foot stems. Of unsurpassed color but unfortunately the plant is not of the strongest growth.
  - E. H. Jenkins (Bliss 1919). Large flowers of two shades of lavender blue on tall low-branched stems. Forty-two inches. - \$1.00

- 76. E. L. Crandall (Farr 1915). A flower of more than usual substance on stems two feet in height. Standards white bordered deep blue; the flaring falls widely margined blue at base. Beautiful and distinct. \$0.50
- 78. Eldorado (Vilmorin 1910). A distinctive blending of violet purple and yellow. An open flower on stalks thirty inches high.
- 75. Empire (Sturtevant 1918). Slightly clouded yellow flowers. A free and dependable bloomer. Thirty inches. - \$0.35
- Empress (Caparne 1901). An intermediate, blooming just before the tall varieties. Large flowers of pale creamy yellow. Fine. Two feet. - \$0.35
- 80. Fairy (Kennicott 1905). Medium sized flowers on tall stems. Standards and falls white narrowly margined pale blue. Fragrant. Three feet. A popular variety.
  - Firmament (Groschner 1920). A very early variety having large blooms of two shades of lavender blue. Two feet. - \$0.50
- 76. Florentina. The fragrant early flowering Iris common everywhere. Standards and falls white tinged lavender. Thirty inches. Makes a beautiful clump and always dependable.
  - Foliosa. A rative beardless Iris. Large flowers of violet blue carried very close to the ground on short angular stems.
- 75. Fro (Goos and Koenneman 1910). Standards deep golden yellow; falls bright reddish chestnut. Thirty inches. One of the brightest and best of the Variegata varieties.
  - Fulva. A beardless Iris from the southern United States. Flat flowers of brick red on upright stems fifteen to eighteen inches high. \$0.50
- 89. Georgia (Farr 1920). A beautiful deep pink self. One of the best of the pinks so far produced. Thirty inches. - - \$2.00
  - Graota (Longfield 1925). Toast brown standards and reddish brown fall. Flowers of distinct color on two-foot stems. - \$1.00
- 85. Grevin (Vilmorin 1920). Flowers of great substance, deep red purple flushed copper. Two feet. Very good. - - \$1.25
- 70. Hebe (1854). Flowers somewhat crowded on stem but one of the most delicate and beautiful of the plicata varieties. Standards and falls white edged clear bright blue. Thirty inches.
- 66. Helge (Goos & Koennemann 1903). Dull yellow flowers on two-foot stems. An early and profuse bloomer.
- Her Majesty (Perry 1903). Standards clear rose pink; falls same color heavily veined crimson. Twenty-four inches. - \$0.25
  - Herocles (Millet). A blend of blue and yellow, the blue predominating.

    Two feet. - - - - - \$0.50

- 74. Hiawatha (Farr 1913). Flowers of good form; standards rosy lavender; falls purple: Makes a pleasing mass effect. Twenty-seven inches. \$0.35
- 79. Iris King (Goos and Koenneman 1907). Standards a clouded yellow; falls rich velvety maroon, bordered yellow. Two feet. - \$0.50
- 86. Isoline (Vilmorin 1904). Standards pale pinkish buff; falls coppery old rose. The straight hanging falls give the flower a long appearance. Three feet. Fine, but a rather uncertain doer in the north.
  50.50
- Jacquesiana (Lemon 1840). Standards bronzy lilac red; the flaring falls rich purple red. An old variety but still a favorite. Three feet.
- 70. James Boyd (Farr 1915). Standards clear light blue; falls dark violet.

  Large flowers. Thirty inches. - - - \$0.35
- 78. Jeanne d'Arc (Verdier 1907). Much like Ma Mie. Standards and falls white edged lavender. Thirty inches. - - \$0.50
- 81. Juniata (Farr 1909). Standards and falls a medium shade of rosy lavender.

  Large flowers on very tall stems. Mid-season to late. One of Farr's best Irises. - - - - - - - - \$0.50
- 80. Kathryn Fryer (Fryer 1917). Standards dull pale yellow; falls velvety purple red. Large flowers borne freely on sturdy stalks thirty inches high. Very good. - - - - \$1.25
- 74. Kharput. An early flowering species from Asia Minor. Standards violet; the straight hanging falls deeper violet. Stalk well branched, thirty inches. Not a free blooming Iris but the large flowers are always welcome in their season.
- 76. Knysna (Bliss 1917). Standards clear yellow; falls velvety maroon. Free flowering and good. Two feet. - - \$0.75
- 78. Kochii. A wild Iris of southern Europe. Flowers a deep blackish purple. Very rich coloring and a general favorite. Early. Two feet. - \$0.25
  - **Koya (Sturtevant 1920).** Early midseason. Slightly ruffled flowers of two shades of lavender blue; the haft conspicuously veined. Beard orange. Pleasing flowers freely produced on three-foot stems. \$0.50
- 83. La Neige (Verdier 1912). One of the finest white varieties though not large. Standards cupped; falls flaring Two feet. - \$1.00
- 85. Lady Foster (Foster 1913). Standards pale blue; falls lavender violet. Large fragrant flowers of great beauty on three and one-half foot stems.
  5. Standards pale blue; falls lavender violet.
  5. Lady Foster (Foster 1913).
  6. Lady Foster (Foster 1913).
  7. Lady Foster (Foster 1913).
  8. Lady Foster (Foste
- 90. Lent A. Williamson (Williamson 1918). Early midseason. Standards very broad, campanula violet; falls broad and drooping, velvety violet purple. Beard yellow. Large flowers of exceptional substance on stout stems three and one-half feet high. Extremely vigorous in growth.
- 73. Leonidas Large flowers of lavender violet with orange beard. Makes a showy clump.

- 91. Leverrier (Denis 1917). Flowers very large; standards lilac purple; falls pansy violet. Of vigorous growth, producing its great blooms on tall widely branched stems. Forty-two inches. - \$3.00
- 82. Lohengrin (Goos and Koenneman 1910). Standards and falls uniformly colored a soft cattleya rose. Beard orange. Three feet. Good grower and free bloomer but with flowers crowded at top of stalk. \$0.35
- 91. Lord of June (Yeld 1911). Very large fragrant flowers having floppy standards of lavender blue; flaring falls of lavender violet; prominent yellow beard. A pale blue bicolor in general effect. The large flowers are held on tall splendidly branched stems. An outstanding variety, marred only by the lack of substance in standards. Forty-two inches.
- 79. Loreley (Goos and Koenneman 1909). Standards light clear yellow; falls purple margined yellow. Distinct in that the color of the falls tends away from the usual maroon toward the blue side of purple. Vigorous and free, the stalks attaining thirty inches.
  - Lycaena (Longfield 1925). A particularly pleasing Amoena. White standards and deep purple falls in strong contrast. - \$1.00
- 79. Mady Carriere (Millet 19--). Flowers of pale b'ue suffused yellow. Three feet. - - - \$1.00
- 78. Magnate (Sturtevant 1918). Standards blue; falls lavender violet. Large flowers on sturdy stalks twenty-four inches high. - \$0.75
- Ma Mie (Cayeux 1906). Standards and falls clear white frilled violet blue.
   Of better form than Mme. Chereau. Three feet. - \$0.75
- 73. Mandraliscae. A good form of Iris pailida, with rich lavender purple flowers on three-foot stems. Early and free flowering. - \$0.25
- 73. Mareschal (Sturtevant 1918). Standards and falls pale mauve. Much like Queen Caterina but with smaller flowers on taller stems. \$0.50
- 67. Margaret Moor (Bliss 1918). Flowers a pleasing reddish lilac. Thirty inches. - - - \$1.00
- 78. Mary Garden (Farr 1913). Standards pale yellow dulled by a sanding of light purple; falls creamy white veined maroon purple. Thirty inches.

  Best when viewed closely.
- 73. Mary Gray (Farr 1913). Flowers self colored a medium shade of violet blue. Orange beard. Three feet. - - \$0.50
  - Mary Orth (Farr 1920). Standards a light shade and falls a deep shade of blue violet. Twenty-four inches. - - \$2.00
- 78. Mary Williamson (Williamson 1921). Standards white; flaring falls purple with wide white border. Flowers of medium size on slender thirty-inch stems. No Iris has more individuality than this variety. Always admired and stock always short. - \$2.50

85.	Medrano (Vilmorin 1920). Standards and falls deep smoky wine red. Or rich and distinct color. Large flowers on twenty-four-inch stems. Fine \$1.50
83.	Merlin (Sturtevant 1918). Standards lavender violet; falls rich red purple styles yellow. Flowers of large size on strong stems. Thirty inches \$0.75
	Miranda (Hort 1919). A very beautiful deep blue purple Iris of perfect form and carriage. One of the earliest of the tall bearded varieties free flowering and of strong growth. Fine in every way \$1.50
87.	Mile. Schwartz (Denis 1916). Large self colored flowers of pale mauve Exceptionally fine but not a good doer in the north. Three and one-half to four feet.
74.	Mme. Chereau (Lemon 1844). Standards and falls white, widely margined lavender violet. An old tavorite. Three feet \$0.25
84.	Mme. Cheri (Sturtevant 1918). One of the finest of the lighter blends Standards light purplish brown; falls silvery violet pink; the entire flower smoothly blended with creamy yellow. Large flowers of fine form. Forty-two inches.
85.	Mme. Chobaut (Denis 1916). Flowers of pale yellow shaded and veined pale brown. Three feet. Of unusual coloring. Good \$2.00
78.	Mme. de Sevigne (Denis 1916). Standards and falls white thickly veined violet purple. Flowers of rather small size on thirty-inch stems \$0.50
84.	Monsignor (Vilmorin 1907). Standards violet; falls heavily veined a
	deeper purple. Twenty-four inches \$0.35
	Morning Splendor (Shull 1922). Standards petunia violet; falls raisin purple. Flowers large and of fine form on forty-inch stems. Plant of vigorous growth.
	Morning Splendor (Shull 1922). Standards petunia violet; falls raisin purple. Flowers large and of fine form on forty-inch stems. Plant of vig.
76.	Morning Splendor (Shull 1922). Standards petunia violet; falls raisin purple. Flowers large and of fine form on forty-inch stems. Plant of vigorous growth

74. Myth (Sturtevant 1918). Standards and falls light violet blue. Large flowers on two-foot stems. - - - - - - - - \$0.50

Mt. Penn (Farr 1909). Standards lilac; falls crimson purple, the whole flower with a suffusion of copper. Thirty inches. Good. - - \$0.50

71. Mrs. W. E. Fryer (Fryer 1917). Standards very pale lavender; falls red purple with lavender border. Thirty inches. - - - \$0.50

82.	Nancy Orne (Sturtevant 1921). Standards purplish lilac; falls deeper; center of flower showing some yellow. Growth vigorous. Three feet.
81.	Neptune (Yeld 1916). Standards pale lavender blue; falls deeper blue. Large flowers on slender wiry stems. Three feet \$1.00
73.	Nibelungen (Goos and Koenneman 1910). Standards yellowish brown falls purple bordered light brown. Vigorous and free. Thirty-three inches.
80.	Nine Wells (Foster 1909). Standards lavender violet; falls deep velvety purple. Large flowers on heavy stems forty inches high. A fine outstanding purple Iris.
63.	Nokomis (Farr 1915). Standards very pale lavender; falls violet blue with white border. Very free \$0.25
76.	Nuee d'Orage (Verdier 1905). Flowers grayish blue shaded bronze. feet.
87.	Opera (Vilmorin 1916). A rich violet red bicolor. Thirty inches \$2.00
79.	Oporto (Yeld 1911). Standards and falls violet. The flowers are not large but have a certain neatness and finish, making this a beautiful Iris. Thirty inches.
	Orchid (Shull 1919). A delicately colored Iris. Standards grayish drattinged with lavender at tips; falls grayish lavender. Three feet \$1.00
78.	Oriflamme (Vilmorin 1904). Derived from Amas and with flowers much like that Iris. Standards lavender blue; falls vio et purple. Stiff stalks thirty inches high.
72.	Palaurea (Sturtevant 1918). Like Afterglow a cross of Dalmatica and Aurea. Flowers of mingled lavender and yellow. Three feet. \$0.50
83.	Pallida Dalmatica. The finest form of Iris Pallida. Standards and falls clear lavender blue. Forty inches \$0.50
73.	Pancroft (Millet 1909). Pale buff flushed pale mauve. Thirty inches. \$0.50
81.	
79.	thirty-inch stems. Good
75.	Pauline (Farr 1913). Fine large flowers of pansy violet on three-foot stems. Prominent orange beard. A very good red purple variety, vigorous and free flowering.
78.	Perfection (Barr). Standards light lavender and falls a very deep velvety blue purple. Beard orange. A free flowering richly colored Iris Thirty-six inches.

77. Pocahontas (Farr 1915). Standards and falls white widely bordered lavender violet. One of the finest of the frilled varieties. Thirty inches. - \$0.50

\$0.25

80.	Powhatan (Farr 1913). A good red purple self. Thirty-six inches. \$0.50
72.	Princess Victoria Louise (Goos and Koenneman 1910). Standards light yellow; falls purplish rose, bordered pale yellow. Two feet \$0.25
	Priscilla (Hall 1923). Standards pallid violet; falls rich velvety blackish purple, bordered pallid violet. Dainty and fine \$3.00
83.	Prosper Laugier (Verdier 1914). Flowers of strongly bronzed crimson purple. Three feet \$0.50
	Prospero (Yeld 1920). A magnificent Iris of splendid form and larges size. Standards lavender suffused yellow toward lower half; falls a deep red purple. Extra fine. Three and one-half feet.
	Pseudacorus. The European counterpart of our native Versicolor. Strong foliage and flowers of brightest yellow. Two feet \$0.25
84.	Quaker Lady (Farr 1909). Standards smoky lavender; falls blue and old gold; center of flower and beard yellow. Of fine form and finish One of Farr's best varieties. Three feet \$0.35
91.	Queen Caterina (Sturtevant 1918). Standards and falls a luminous pale lavender violet, appearing pinker in sun and bluer in shadow. The flowers of largest size and heavy substance freely produced on tall, branched stems. Extra fine.
	•
74.	Queen of May (1859). Standards and falls soft rose lilac, near pink in general effect. Thirty inches \$0.25
	general effect. Thirty inches \$0.25  Red Cloud (Farr 1913). Flowers red purple tinged bronze. Two feet
78. 84.	Red Cloud (Farr 1913). Flowers red purple tinged bronze. Two feet \$0.38  Rhein Nixe (Goos and Koenneman 1910). Standards white; falls purple violet bordered white. Three feet high. The tallest of the white and purple Irises. Best seen at a distance of a few yards. Very strong grower
78. 84.	Red Cloud (Farr 1913). Flowers red purple tinged bronze. Two feet \$0.33  Rhein Nixe (Goos and Koenneman 1910). Standards white; falls purple violet bordered white. Three feet high. The tallest of the white and purple Irises. Best seen at a distance of a few yards. Very strong grower and a good variety \$0.50  Richard II (Dykes 1914). Standards white; broad spreading falls deep velvety purple. Beautiful flowers on a plant of weak constitution \$2.00
78. 84. 74.	Red Cloud (Farr 1913). Flowers red purple tinged bronze. Two feet \$0.33  Rhein Nixe (Goos and Koenneman 1910). Standards white; falls purple violet bordered white. Three feet high. The tallest of the white and purple Irises. Best seen at a distance of a few yards. Very strong grower and a good variety.  Richard II (Dykes 1914). Standards white; broad spreading falls deep velvety purple. Beautiful flowers on a plant of weak constitution \$2.00  Ringdove (Foster 1913). Large flowers of pale lavender violet on tal
78. 84. 74.	Red Cloud (Farr 1913). Flowers red purple tinged bronze. Two feet \$0.33.  Rhein Nixe (Goos and Koenneman 1910). Standards white; falls purple violet bordered white. Three feet high. The tallest of the white and purple Irises. Best seen at a distance of a few yards. Very strong grower and a good variety.  Richard II (Dykes 1914). Standards white; broad spreading falls deep velvety purple. Beautiful flowers on a plant of weak constitution \$2.00.  Ringdove (Foster 1913). Large flowers of pale lavender violet on tall stems.
78. 84. 74. 76. 69. 82.	Red Cloud (Farr 1913). Flowers red purple tinged bronze. Two feet \$0.33  Rhein Nixe (Goos and Koenneman 1910). Standards white; falls purple violet bordered white. Three feet high. The tallest of the white and purple Irises. Best seen at a distance of a few yards. Very strong grower and a good variety.  Richard II (Dykes 1914). Standards white; broad spreading falls deer velvety purple. Beautiful flowers on a plant of weak constitution \$2.00  Ringdove (Foster 1913). Large flowers of pale lavender violet on tall stems \$0.75  Rose Unique (Farr 1910). An early deep pink \$0.35  Roseway (Bliss 1919). Standards and falls violet rose. Near Rose Unique

87. Shekinah (Sturtevant 1918). One of the finest of yellow Irises. Flowers on three-foot stems, pale lemon yellow shaded deeper at center. A

clear soft color. - - - - - -

76.	Sherwin Wright (Kohankie 1915). Standards and falls clear deep golder yellow. Flowers small but produced freely, making a very bright effect in clump or mass. Two feet. Thrifty and dependable \$0.35
75.	Shrewsbury (Farr 1916). Standards purple lilac; falls violet purple; the whole flower clouded bronze. Orange beard. Rich and striking. Two feet.
	Solana (Shull 1923). Clear yellow standards and deep red falls. A richly colored Variegata. Three feet.
93.	Souv. de Mme. Gaudichau (Millet 1914). Standards violet blue; falls a deep velvety purple. Large flowers of exceptional substance on stalks three feet high. One of the most beautiful \$3.00
79.	Sunset (Denis 1919). Well shaped flowers of unusual but beautiful coloring Standards olive gold; the horizontal falls flushed mauve at center. Late Thirty inches.
79.	Swatara (Farr 1918). Standards blue with an undertone of yellow; falls violet. Conspicuous orange beard. Thirty inches \$0.50
85.	Sweet Lavender (Bliss 1919). An Iris of distinct and pleasing character Standards lavender; the flaring falls a deeper rose lavender. Large flowers on well branched stems. Three feet. Plant of vigorous growth \$2.00
	Terias (Longfield 1925). Coppery pink flowers abundantly produced. Our stock of this variety is very low and we cannot offer it again until 1927
	Thecla (Longfield 1925). A vigorous Iris bearing its beautiful flowers in the greatest profusion. Standards bright clear mauve; the spreading falls purple. Resembles Cordelia and Monsignor, but freer and of more pleasing form and brighter color.
75.	Tineae. A form of Iris Pallida, much like Dalmatica. Very heavy glaucour foliage; pale lavender flowers of typical Pallida form on forty-inch stalks. Of vigorous growth.

- Tregastel (Millet 19--). A red purple bicolor heavily shot with yellow.

  Thirty inches. - - - \$0.75

  82. Tristram (Bliss 1919). Standards white; falls velvety purple. A most
- pleasing color combination. Thirty inches. Not as tall as Rhein Nixe but more richly colored.
- 84. Troost (Denis 1908). Flowers of old rose; very good in spite of the slight streaking in the falls. Two feet. - - \$1.50
- 74. Tunisie (Millet). Large flowers of smoky lilac purple. Twenty-four inches. - - - - \$1.00
- 83. Ute Chief (Farr 1920). A large bronze purple almost identical with Alcazar. Forty inches.
  - Versicolor. The beardless swamp Iris of the northern states. Flowers of lavender purple on stems twenty-four inches high. - \$0.25

75.	Viola (Foster 1913). A pretty free flowering lavender with orange beard.  Thirty inches \$0.25
80.	Violacea Grandiflora (1860). A good late flowering Iris. Flowers deep lavender throughout. Three feet. A good grower and free bloomer.
81.	Virginia Moore (Shull 1920). Standards bright yellow; falls yellow slightly veined. Flowers deeper in color than Aurea. Thirty inches \$1.50
83.	White Knight (Saunders 1916). A pure white Iris with only the lightest of reticulations at the haft. Flowers of fine form and good substance. Two feet. A better grower than La Neige \$0.75
	White Queen. Standards, falls and beard pure white without marking or shading. Two feet. The finest of the small flowered white varieties.
	Wild Rose (Sturtevant 1921). A smooth sating pink Iris with a white beard. Thirty inches.
73.	Windham (Farr 1909). Flowers pale purplish rose with a thin veining of purple in the falls. A good "pink". Twenty-four inches \$0.35
83.	W. J. Fryer (Fryer 1917). Standards dull gold; falls deep red purple reticulated in the upper half. Vigorous and free. Three feet \$1.25
72.	Wyomissing (Farr 1909). Small flowers of pale creamy pink. Twenty-four inches \$0.25
	Yellowstone (Hall 1923). Standards s'raw yellow; falls velvety pansy purple with noticeable warm glow. A choice yellow and red effect \$3.00
	Yvonne Pelletier (Millet 1916). An Iris giving a very blue effect. Standards and falls a pale shade of clear blue. Flowers small but produced freely. Three feet.
75.	Zua (Crawford 1914). Very pale lavender flowers heavily crimped and creped. Eighteen inches. Early. Entirely distinct from all other Irises.
85.	Zwanenburg (Denis 1909). An Iris of peculiar coloring; standards dull lavender gray; falls bronzy yellow flushed maroon. Early and very free blooming.
